Docufiction

DESCRIPTION
Possibly one of the first queer videos in the history of video making in Quebec, if not all of Canada, this work invites us to a delirium organized around the L.M.R.D. (Liberated Males Right Dressers). A perfect example of the kind of work that was being produced at the time, this video shows us demonstrations and street interviews and ends with an astounding apotheosis that should not be missed.

WARNING
The quality of this video varies due to older technologies and image degradation.
