SATELLITE

DIRECTOR Nelson Henricks DURATION 5:48 YEAR 2004 **ORIGINAL LANGUAGE**

English French (on-screen text)

CATEGORY Video Art

DESCRIPTION

In the video Satellite, Nelson Henricks combines found footage and techno beats to question western society's ongoing obsession with science, technology and the future. Juxtaposing images derived from old educational films with absurd, aphoristic slogans, Henricks offers up a witty, entertaining and provocative commentary of our need to make sense of everything, at any cost.

SOUND

Stereo

SHOOTING FORMAT DVCPRO
