Natalie Rich-Fernandez

DURATION
2:15

YEAR
2003

ORIGINAL LANGUAGE
No dialogue

CATEGORY
Video Art

DESCRIPTION
It is a night footage which during sleep enters the nightmare, where everything mingles, where one doesn't know when or why, the beginning, the end, black and white, color. Images appear brutally before vanishing, one comes near them though one cannot hold them, only the breathing of the sleeper recalls us that we are on the outside of this nightmare. Sound is live, geared down.
