DESCRIPTION
This video, by means of a poetic fiction, proposes a new way of looking at the book which goes beyond the purely didactic. From the Nomala desert, Theresa Plane and Professor Codca travel towards the "Without a Doubt" star. Once on the star, they meet Nadin the Angel. A dialogue ensues on various aspects of the book. The conversation finally leads them to open the object that will indicate the path they must follow, to discover the house of books.
