42:00

YEAR

2010

ORIGINAL LANGUAGE

English
French

CATEGORY

Documentary
Fiction

**DESCRIPTION**

Incorporating poker, challenges to the law, a struggle for the control of a new territory where the stakes are high, our film *New Kahnawake*, between fiction and documentary, pushes these analogies with the Western to explore both our relationship to the figure of the "Indian" and the confusion of our perception of space that new information technology has brought about.
