THE SUBTERRANEAN BLACKNESS OF ROOTS

DIRECTOR
Charles-André Coderre

DURATION
10:10

YEAR
2022

CATEGORY
Experimental
Installation

DESCRIPTION
Shot in Québec, *The Subterranean Blackness of Roots* seeks to show the sensory experience of the invisible life of stones, plants, and the nature that surrounds us through several processes specific to analog cinema, such as hand processing, optical printing, photo-chemical alteration and natural processes of decay.
